Glencoe Celebrates 100th Anniversary of Ravine Bluffs

**Sundays, September 28 and
November 2, at 5:00 p.m.**

A century ago, a remarkable Glencoe family hired two giants of design—Frank Lloyd Wright and Jens Jensen—to envision homes and a landscape for their rolling, ravine-cut property near the bluffs of Lake Michigan. The result, the Ravine Bluffs enclave, was and still is a source of pride for our community. It

contains six homes, three poured concrete planters, and a bridge designed by Wright; with the two additional Wright homes in the village, little Glencoe is home to the third highest concentration of Wright-designed structures in the world.

To celebrate the centennial of Ravine Bluffs, the Glencoe Historical Society is partnering with the library and other community institutions for a year of special events. Opening the series on **Sunday, September 28, at 5:00 p.m.**, will be Glencoe resident and noted architectural historian Gwen Summers-Yant, who will present a slide program on “Frank Lloyd Wright in Glencoe.” Held in the library’s Johnson Room, the lecture will trace the development of Ravine Bluffs, discuss its architectural distinctions, and explore some of the fascinating personal aspects of the Booth family (who founded the subdivision) and their relationship with Wright.

On **Sunday, November 2, at 5:00 p.m.**, an architectural historian will take an in-depth look at one of the Wright-designed Glencoe homes. The speaker will be announced soon. The November 2 program will be the first of a series focused on individual properties.

More events will follow, including children’s programs at the library, a family Wright event with the Glencoe Park District, and an exhibit at the historical society. In the fall of 2015, the historical society will release a new book on Wright in Glencoe. Topping off the centennial celebration will be a house walk tour on September 20, 2015. This will be the first opportunity for the public to tour Glencoe Wright homes in more than 20 years. Details will be publicized as the celebration unfolds.

**See page 8 for details on the library's new catalog
and an October 19 special event with
best-selling author (and Glencoe native) Rich Cohen!**

Library Staff News

MEET ANN FINSTAD

Ann Finstad

In July, I had the good fortune to join the Glencoe Library family as its new Head of Children's Services. For over a decade I've enjoyed working with children, teens, and families in libraries, from my most recent position as Head of Youth Services at the Morton Grove Public Library to previous positions at the Winnetka-Northfield Public Library District, Austin (Texas) Public Library, and Deerfield Public Library.

Though I didn't know I wanted to be a librarian until after college, the tell-tale signs of my future career were always there. As a child I created my own spine labels for my personal collection of always-alphabetized books and could occasionally be found at my local library putting the *Babysitter's Club* books into numerical order. I'm always reading something different, and my personal favorites (other than children's books, of course!) include young adult fiction and science nonfiction.

When I'm not adding titles to my precariously balanced "to read" pile, I can be found relaxing with my husband, chasing squirrels away from my garden beds, practicing ballet, and watching documentaries or streaming internet video. Yes, there are sometimes kittens, but mostly I'm gathering info for my arsenal of facts on everything from ancient mummies to how cheese is made.

Please stop by the children's desk to say hello or ask for some book suggestions. I promise not to send you off with more than you can carry.*

HIGHLIGHT ON LIBRARY TECHNOLOGY AND PROGRAMS

MEET ENTERPRISE — YOUR NEW CATALOG

We are excited to launch the new Enterprise online catalog on Wednesday, September 10. It's a lot like the current catalog that you use now but there will also be some cool and useful new features.

Join us between 9:00 a.m. and 1:00 p.m. on Saturday, September 13, for an Enterprise Open House. We'll show you how to search for books (and text the records to your mobile phone), pay fines online, download ebooks straight from the catalog record, keep lists of the books that you've checked out, and more.

Some things to be aware of following the switch:

- The password that you use for accessing your account will remain the same as it is for our current catalog.
- You will no longer be able to use the account name that you set up for our current catalog to access your account. Instead you will use your library card number.
- The current urls that you have bookmarked for the catalog and/or your account will need to be updated to reflect the new catalog.

One final advantage is that Enterprise costs much less to purchase and maintain. We think that you'll find Enterprise to be very user-friendly and will enable you to everything that you are currently able to do, and more. Please do not hesitate to contact us with any questions!
